AQUAZIP, FILMETAL AND NYLON REVERSED COATED COLOR CARD

AQUAZIP, FILMETAL AND NYLON REVERSED COATED COLOR CARD

Colors of this card refer only to PU coating in combination with the textile tape as per samples provided.
When ordering we requ ire the customers to specify both colors (PU and texti le tape).
As a standard, for AQUAzip, chain and slider are combined with the PU coating, unless otherwise specified by the customer.
FILMetal's chains and sliders finishes have to be always specified.
For the Nylon reversed coated family, the coil and slider's shades are in accordance to the tape's color, unless orherwise specified.
The instructions for washing and ironing the tapes can be found in the following pages below.

I colori di questa cartella si riferiscono unicamente al colore del rivestimento PU in combinazione con il nastro in tessuto.
Al momento dell'ordine, è necessario specificare entrambi i colori (PU e nastro tessile).
Per la linea AQUAzip, come standard, catena e cursore sono abbinati al rivestimento PU, se non diversamente indicato.
Le finiture delle catene e dei cursori per FILMetal, devono essere sempre specificate.
Per la famiglia delle Nylon rovesciate spalmate, tonalità di spirale e di cursore sono da intendersi in accordo con il colore del nastro, salvo diversa indicazione.
È possibile visualizzare le istruzioni dei lavaggi dei nastri in calce a ciascuna delle pagine che seguono.
